2. For each county in New Mexico this table shows the number and percentage of the total investigations by their investigation decisions.
3. "**Substantiated**" in a child abuse and/or neglect investigation means the victim(s) is under the age of 18, a caretaker/provider has been identified as the perpetrator and/or identified as failing to protect, and credible evidence exists to support the conclusion by the investigation worker that the child has been abused and/or neglected as defined by the New Mexico Children's Code.
4. "**Unsubstantiated**" means that the information collected during the investigation does not support a finding that the child was abused and/or neglected as defined by the New Mexico Children's Code.
