CPS INVESTIGATIONS (ANNUAL)

Notes:

1. Not all "accepted reports" result in investigations that are completed during the same period in which the corresponding report was accepted; therefore, completed investigations will **not** match the number of accepted reports.
2. For each county in New Mexico this table shows the number and percentage of the total investigations by their investigation decisions.

3. "**Substantiated**" in a child abuse and/or neglect investigation means the victim(s) is under the age of 18, a caretaker/provider has been identified as the perpetrator and/or identified as failing to protect, and credible evidence exists to support the conclusion by the investigation worker that the child has been abused and/or neglected as defined by the New Mexico Children's Code.
4. "**Unsubstantiated**" means that the information collected during the investigation does not support a finding that the child was abused and/or neglected as defined by the New Mexico Children's Code.

Further, multiple reports submitted during the same timeframe may be linked to an investigation.
