

## **Detailed Steps to Login:**

1. Find the **Global Protect** icon on your taskbar or hidden icons, and click on the icon.

2. The Global Protect window will come up, click on Enable.

3. Once you have successfully connected to **Global Protect** you will see the Welcome page, which you can simply close. You will also see that the **Global Protect** window will now have a status of **CONNECTED.** 

4. Find the Remote Desktop icon on your taskbar and click on it to sign in

5. The Remote Desktop Connection window will appear, click **Connect**
